

Hail to Mario Bonk and Bruce Kleiner

Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk
Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk

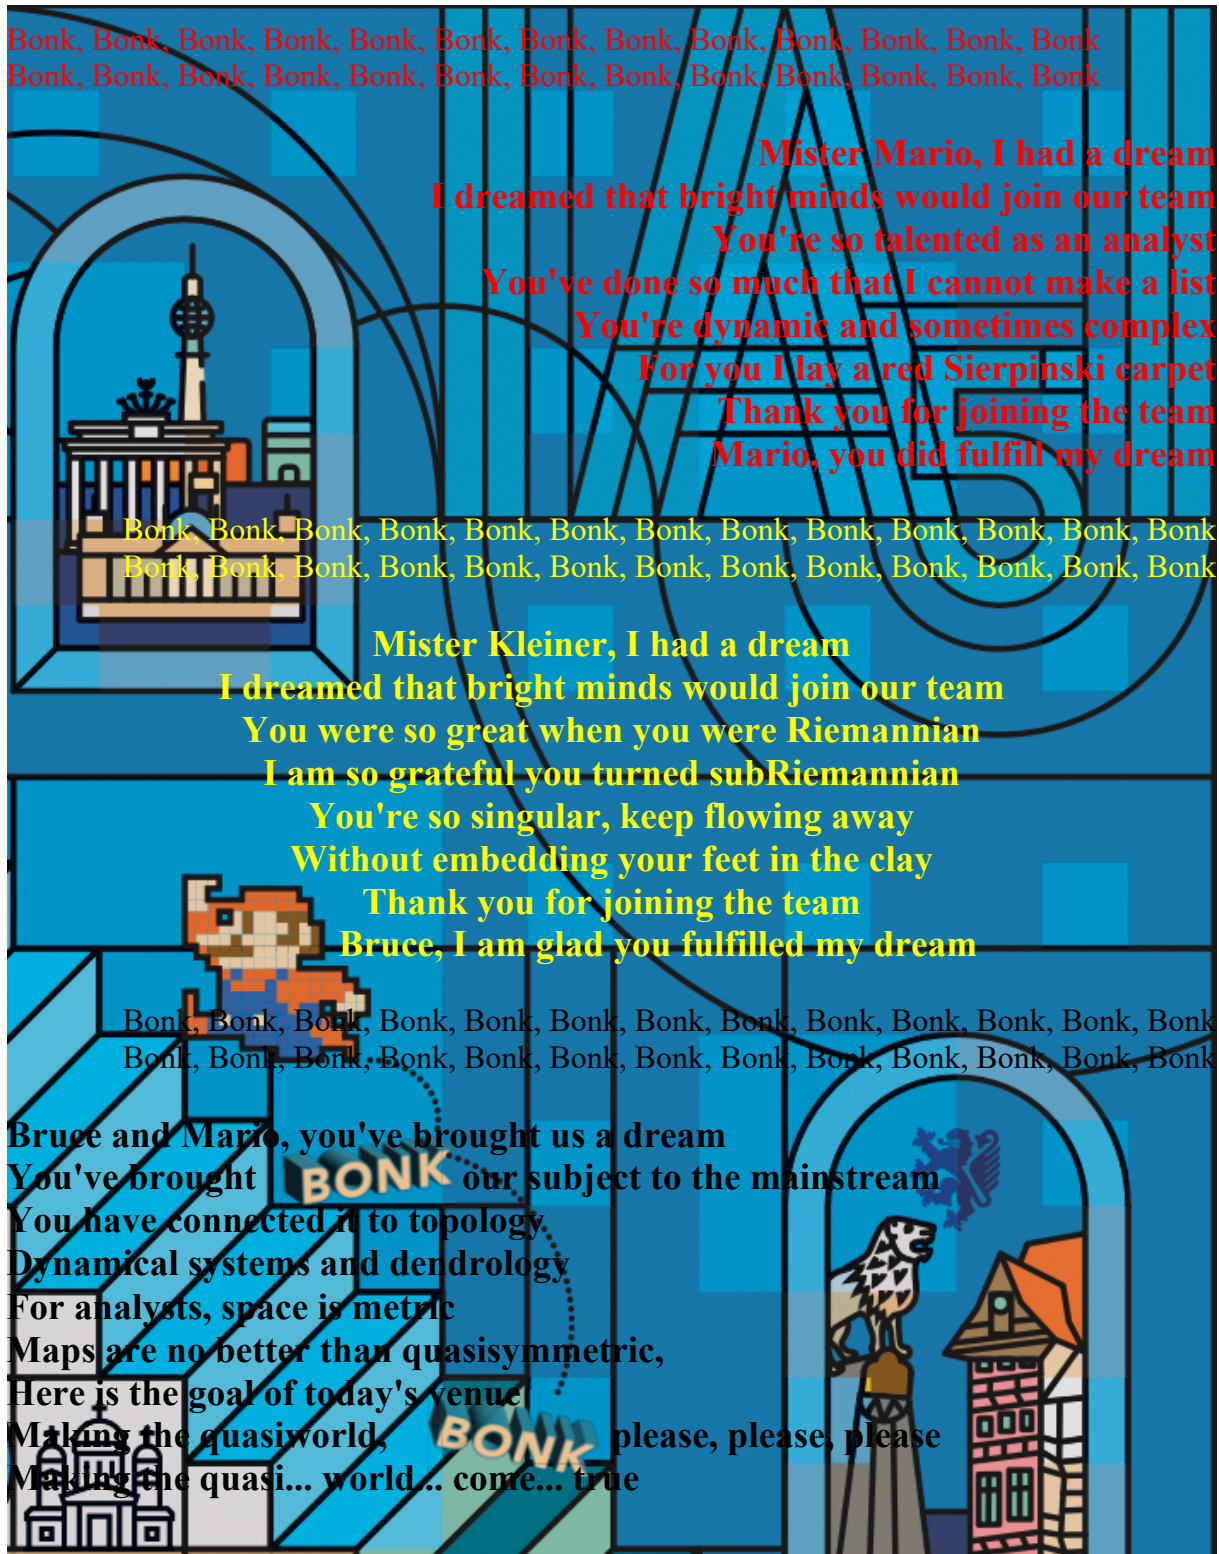

**Mister Mario, I had a dream
I dreamed that bright minds would join our team
You're so talented as an analyst
You've done so much that I cannot make a list
You're dynamic and sometimes complex
For you I lay a red Sierpinski carpet
Thank you for joining the team
Mario, you did fulfill my dream**

Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk
Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk

**Mister Kleiner, I had a dream
I dreamed that bright minds would join our team
You were so great when you were Riemannian
I am so grateful you turned subRiemannian
You're so singular, keep flowing away
Without embedding your feet in the clay
Thank you for joining the team
Bruce, I am glad you fulfilled my dream**

Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk
Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk, Bonk

**Bruce and Mario, you've brought us a dream
You've brought **BONK** our subject to the mainstream
You have connected it to topology.
Dynamical systems and dendrology
For analysts, space is metric
Maps are no better than quasisymmetric,
Here is the goal of today's venue
Making the quasiworld, **BONK** please, please, please
Making the quasi... world... come... true**

Pat Ballard's *Mister Sandman*, sung by The Chordettes
